## ARMISTICE DAY COMING!

Monday will be Armistice Day, the anniversary of the cessation of hostilities in one of the bloodiest wars that has ever been waged. The pages of this old story!

It is especially fitting that it should be appropriately observed. The survivors of the war have men who faced the instruments of the foe. The American Legion post of Hondo has an elaborate program of features that will bring old and young.

There will be a football game at Hondo and Lytle High School competing for the grid-iron trophy.

Congressman Garner will give an address befitting the occasion.

Completion of his address dinner will be served to the guests.

A series of three lectures will be run.

Attention to the grounds pays these features—the big band.

At the auditorium the days program.

Arrangement has been made for an immense crowd of people.

## REV. S. H. BOHMFALK.

Schweers Harm Bohmfalk was born Oct. 3, 1852, at East-Grossenfehn, East-Friesland, Germany. Came to Texas, with his parents in 1858, and settled at New Fountain, Medina Co. Was converted there in his childhood and joined the Methodist Church, South, in which church he later held the office of exhorter. He married Miss Elizabeth Mary Hardt, Nov. 15, 1873, and lived with her happily for fifty years, less eleven days. Fourteen children were born to them, six sons and eight daughters, of whom two, a son and a daughter died in infancy.

In the early eighties he moved with his family to Somerset in Atascosa Co. Here he came in contact with the Baptist Church which he attended, and he later joined, and was ordained as a minister. He was a faithful member of this church the remainder of his life. From Somerset the family moved to Yancey in Medina Co. where he spent most of his life.

During the World War he began to suffer, then came the dreaded Influenza which left him in a weakened condition and finally cancer of the stomach laid him low.

He leaves his sorrowing wife, twelve children, August, Fritz, and Charles, Mrs. Amanda Ward, and Mrs. Martha Ward of Yancey, Mrs. Emma Gring of Mirando City, Henry, John and Mrs. Lizzie Ward of Arizona, and Mrs. Annie Collins, Mrs. Lydia Trezise, and Mrs. Marie Carter of California; two brothers, Rev. Fred Bohmfalk of Gonzales, minister in the Methodist Episcopal church, and George Bohmfalk of New Fountain, local preacher in the Methodist Episcopal church, South; two sisters, Mrs. Johanna Riff of New Fountain, and Mrs. Mary Saathoff of San Antonio; thirty-nine grand-children living, five grand-children dead, one great-grand-child and many other relatives and a host of friends who loved him, for he was a good Christian character, a loveable man, and an exemplary citizen.

In all his sufferings, he was very patient, and desired to go to his eternal home. This desire was satisfied on Sunday morning at 6:40, November 4, 1923, after he had been confined to his bed for five weeks.

He attained an age of 71 years 1 month, and 1 day.

## DIED.

Mr. and Mrs. Richard Schwarz have the sympathy of the entire community in the death of their little infant son. The child was born Monday but lived only until Wednesday. The little body was tenderly laid away in the new cemetery Thursday, evening, Rev. Geo. E. Grueber performing the last sad rites.

## ROAD CONTRACT LET.

Bids for the construction of three sections of state highway were let by the Commissioners Court at a called session last Monday pursuant to the advertisements that have recently appeared in this paper.

Only three bids were submitted and the contract was awarded to Mr. Paul Schriewer of Seguin at an aggregate price of \$66,393.23. This was \$11,000 below the next lowest competing bid.

This work calls for the construction of Sections B and E of State Highway No. 3 and State Aid Project No. 359 of the State Highway in Medina County. Sections B and E are part of the Old Spanish Trail. One of these projects calls for the construction of a \$20,000 concrete viaduct over the Southern Pacific railroad tracks at Dunlay. In the construction of this massive piece of work the railroad company pays \$10,000 of the cost, two-sixths of the remaining cost will be furnished from Federal and State Funds and the County will furnish the other one-sixth.

Project No. 359 is the 2.88-mile stretch of the Bandera-San Antonio road that traverses the northeast corner of Medina County, and which has been the source of much worry to the people of Bandera for years on account of its rough nature and ill-kept condition.

The body of Tom J. Jones arrived from New York Tuesday and was buried at his former home at Utopia. Mr. Jones was killed in a motor truck accident in New York. He was about 35 years old, was a nephew of the late Geo. W. Jones of this place and was known to some of our readers here where he had occasionally visited. Mrs. Geo. W. Jones met the funeral cortege in San Antonio and accompanied it to Utopia. She came to Hondo from Utopia Wednesday, and is a guest in the home of H. S. Kirby.

J. G. Martin, District Manager of the Southwestern Bell Tel. & Tel. Co., was here this week from Uvalde distributing the fall issue of the directories for the company.

## LADY WAS IN A BAD FIX FROM NERVOUS INDIGESTION

Biloxi, Miss.—"I had, for a year or more, nervous indigestion, or some form of stomach trouble," says Mrs. Alonzo Ford, 1117 Clay Street, this city. "The water I drank at that time seemed to constipate me. I would suffer until I got so nervous I wanted to get down on the floor and roll. I felt like I could tear my clothes."

"Every night, and night after night, I had to take something for a laxative, and it had to be kept up nightly. My side would pain. I looked awful. My skin was sallow and seemed spotted. I would look at my hands and arms, and the flesh looked lifeless."

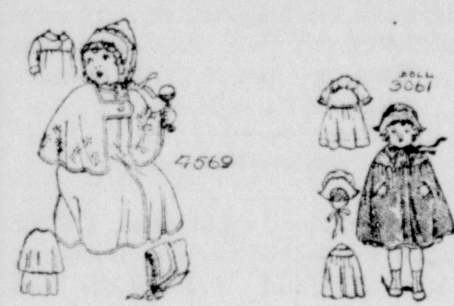

"I happened to get a Birthday Almanac, so I told my husband I would try the Black-Draught, which I did. I took a few big doses. I felt much better. My liver acted well. I made a good, warm tea and drank it that way. Soon I found

that nervous, tight feeling was going, and was the pain in my side. I found I did not have to take it every night. Soon, after a few weeks, I could leave it off for a week or so, and I did not suffer with constipation. I gained flesh. I have a good color, and believe it was a stubborn liver, and that Black-Draught did the work."

"I went to my mother's (Mrs. Deeters) one day, and she wasn't well at all. I told her we'd try Black-Draught. We did, and now she keeps it to take after eating. It certainly helped her, and we neither will be without it in our homes. It is so simple, and the dose can be regulated as the case may be. We use small doses after meals for indigestion, and larger doses for headache or bad liver."

Thedford's Black-Draught liver medicine is for sale everywhere.

When Will Hondo People Learn the

Backache is only a simple thing at

That serious kidney troubles may

I know they are excellent  
I suffered with my back and my kid-

knife-like pains in my kidneys  
every time I moved. I had to get up  
nights on account of the irregular  
action of my kidneys. The secre-

highly colored. A friend told me of

## QUIHI NOTES

Last Sunday night the Luther  
League of Bethlehem Ev. Lutheran  
Church of Quihi rendered its first  
program in the church before a good  
sized and appreciative audience. In  
addition to the congregational sing-  
ing and devotional exercises, a solo  
by Miss Matilda Grell, a selection by  
a quartet under the direction of Miss  
Lisette Boehle, interesting readings  
by Frank Boehle and Arthur Grell  
and the League Anthem by the  
church choir were greatly enjoyed by  
all those present. The league will  
hold a business meeting Sunday, Nov.  
18th, at 2:30 P. M.

Next Sunday the annual Reformation  
Feast will be held in the Quihi  
Lutheran church, and in connection  
therewith the holy communion will  
be administered to all who announce  
themselves for the same.

Next Sunday afternoon at 2:30  
o'clock, Divine services will be held  
in the New Fountain Lutheran  
church. Hereafter such services will  
be held in this church every second  
and fourth Sunday in the month.  
The services next Sunday will in-  
clude the celebration of the Reforma-  
tion and holy communion.

Bethlehem Lutheran Congregation  
at Quihi held a business meeting last  
Thursday and voted to make a num-  
ber of needed improvements in the  
church and parsonage. The vestry  
of the church was charged to see  
that the work is done soon and prop-  
erly.

## NEW FOUNTAIN PROGRAM.

A very interesting program was  
rendered by the pupils of the New  
Fountain School last Wednesday  
night. The attendance was so large  
that only about one half of the  
people found sitting and standing  
room. After the program in the  
school, refreshments were served in  
the yard and a handsome sum was  
realized for the benefit of the school.

The teachers of the school, Misses  
Elsie Schweers and Marie Foster,  
deserve much credit for the interest  
they manifest in the New Fountain  
school.

## NOTICE

All communicant members of St.  
Paul's Lutheran Church will please  
note that on the second Sunday in  
Nov., Nov. 11, 1923, the Lord's Sup-  
per will be celebrated in the Eng-  
lish language. Please make your an-  
nouncements accordingly, if you  
desire to commune.

"My Improvement Began Right After  
Taking Stella Vitae." Says  
Waco Woman.

"I wish I could tell every woman  
in Texas what a wonderful tonic  
Stella Vitae is," said Mrs. Willie  
D. Brown, 308 Archie St., Waco,  
Texas.

"My head ached something awful,  
pains in my back and around my  
stomach nearly killed me, my legs  
hurt and would swell like I had the  
dropsy. I had no appetite, what  
little I did eat soured and caused  
gas and great distress in my stomach.  
I was terribly nervous and could  
hardly sleep at all when I went to  
bed.

"Stella Vitae helped me right from  
the start and I am feeling better  
every day I live. I haven't been tak-  
ing it long enough to get the full  
effects yet, but if I keep on improv-  
ing like I am now it won't be long  
before I will be as strong and well  
as I ever was."

Stella Vitae may be obtained from  
W. H. Windrow and the purchase  
price will be refunded if it fails to  
bring relief.

## JUNIOR RED CROSS BROADENS SCOPE OF SCHOOL WORK

School Children of America Establish  
Correspondence With Schools in  
Other Countries.

An opportunity to greatly broaden and enlarge the scope of work of the school children of America which was opened by the action of the last annual convention of the National Educational Association in San Francisco is being developed by the Junior Red Cross of America. A resolution endorsing in very positive terms the international school correspondence of the Junior American Red Cross and urging schools in this country to develop this correspondence as far as and as thoroughly as possible, was passed by the Association, and editors of American now are co-operating in the work.

A number of schools in America on their own initiative already have organized chapters of the Junior Red Cross and established correspondence with schools in Albania, Austria, Belgium, Bulgaria, Czechoslovakia, France, Holland, Hungary, Italy, Jugoslavia, Poland, Rumania, Scotland, Switzerland, South Africa and New Zealand. In some cases, they are getting most interesting replies. In a few instances such as Alaska, Hawaii, the Philippines, Porto Rico and the Virgin Islands, all of which are American dependencies, there is an exchange of correspondence material which is very helpful in working up the letters going to the foreign children.

This work, so far, has been carried on chiefly in the primary and intermediate grades of the public, parochial and private schools where Junior Red Cross chapters have been organized, but all grades may participate in the preparation of the material, according to the instructions sent out by the Junior Red Cross Service in Washington, and they include class letters, illustrated or not, snapshots and postcards; maps, drawings, photographs, descriptions of interiors of homes and schools, types of dress, games, industries and industrial processes, cutouts, hand work—in fact, almost anything that one set of children is interested in because it is regarded as a certainty that if children of one nation find something interesting, children of another nation, because they are children, will be interested in that same thing.

Portfolios are a good part of the correspondence and such portfolios give motive for study and description of America and American life on the part of the senders while they stimulate the recipients to a like interest in the affairs and happenings in their own country. The benefit thereof is manifold. Children who hate geography find their interest in this dry study awakened by wanting to know just where their letters are going. History, also distasteful to many, is made a pleasant pastime for the same reason, and languages become absorbingly interesting because the American children want to know something about the difference in the words which they use and those which their correspondents across the sea use to mean the same thing.

Educationally, all this is of high value, in the opinion of American educators. Internationally, it is of still greater value, in the opinion of those who are promoting the undertaking, because it definitely promotes international understanding and friendship and leads, therefore, into international peace. To the school, the teacher and the community, it presents a new line of endeavor and a new opportunity for broadening the viewpoint. On the whole, educators all over the country believe that it is the longest step forward for international understanding which has been taken in many years.

BABIES GET \$2.00 PRIZE  
WHILE PIGS BRING \$40

Babies amount to little in some parts of the United States according to the following report of a Red Cross public health nurse which has been presented to the Director of Nursing Service of the Southwestern Division:  
"I was invited to be a judge at a baby show held at one of the county fairs. My chairman went with me and I think we both got the surprise of our lives, something I shall never forget. We arrived at noon. After dinner we were taken to the fair grounds, and eventually introduced to an elderly gentleman (probation officer) who directed us to what was called Floral Hall. Then we discovered that our booth was in an annex. We were invited into a room, which was dusty and full of cobwebs, had a broken window, one long bench with its legs directed east and west, an old scale with the glass broken off, a shopping basket about a foot and a half long which caught every baby in the nape of the neck, and one tiny teddy bear blanket. That was the equipment for the baby show. I sent in a hurry call to a doctor's office for some sheets, which helped a little. We weighed 38 children and awarded ribbons, and after looking through the catalogue, discovered that \$2.00 was to be the first prize for the babies, while \$40.00 was the first prize for the pigs."
